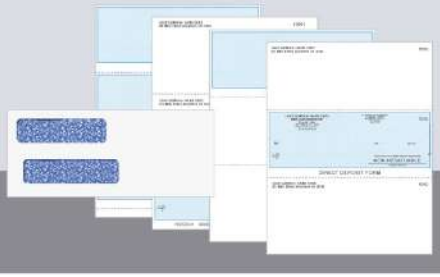
Check Us Out! Top and middle checks shown here from CheckMark Inc are guaranteed 100% compatible with your CheckMark Software. Additional fraud protection and security features are built into every check.



Preprinted and Blank Checks Now Available as Top Check, Middle Check, Bottom Check, and 3 Per Page Checks.

We feature high-quality, highly secure, multi-purpose voucher checks, which include one check and two vouchers per sheet making it ideal for payroll and general disbursements.

Available in herringbone and marble patterns, preprinted checks come printed with your company and bank information. We can add your logo for an additional one-time cost of $50. Preprinted checks work equally well with inkjet or laser printers.

Blank checks can save you money and are also available in two finishes. The current versions CheckMark Payroll and MultiLedger include the ability to print MICR bank encoding and your company information on blank checks. A laser printer is required.

Whether ordering preprinted checks or blank checks, you always get our high-quality 8½" x 11" 24lb. MICR bond sheets with upgraded security.

Security is built-in on every check. Our checks meet or exceed the American Banking Association standards for security and fraud protection and include:

- ✓ Padlock icon
- ✓ Warning box
- ✓ Watermark
- ✓ Micro printing
- ✓ Security screen
- ✓ Chemical protection
- ✓ Erasure protection
- ✓ Fluorescent fibers
- ✓ Marble checks include a VOID pantograph.

How to Place a New Order for Preprinted Checks

Fax or mail a sample check (marked "VOID") showing correct MICR encoding. Or provide your bank's MICR specification sheet with bank routing numbers and bank imprint information.

Imprint Information ❑ Use Sample Enclosed ❑ Print My Logo**

****We'll print your logo on your preprinted checks for an additional charge of $50.** Submit a logo graphic file or "camera-ready" artwork (sharp, exact size, black & white art) by mail or email (please do not fax) with a printed sample of layout to indicate position. Fine lines and screens do not reproduce well. Additional fees will be required if modifications to your artwork are required.

When we email or fax a PROOF for your approval, please respond quickly to avoid delays!

How to Reorder Preprinted Checks

- Look at a current check with the stubs attached, find the order number on the bottom right corner of the sheet. Enter that number above next to "Previous Order Number".
- If you mark REORDER, also enter a starting number below (no proof will be sent).
- If you mark REORDER WITH CHANGES, enter all check information (requires a proof).

Custom Signature File - $66 Each

CheckMark Payrol and MultiLedger have the ability to print a signature on blank or pre-printed check stock. CheckMark will create a graphic file of your signature that will print on your checks. Contact CheckMark for details. Submit a sample signature by either emailing a scanned copy or mailing a sample to CheckMark, Inc. Item: SIG-FILE

Preprinted Checks and Direct Deposit Forms (Imprinted) Reverse Numbering is recommended if your checks go face down in your printer.
